INTERNSHIPS

codesoft, January 2024 - February 2024

- complete java developer internship

PROJECTS

Grade Calculator, February 2024 - February 2024

- Read Student Scores: Read scores for each student.
Calculate Average: Calculate the average score for each student and assign grades based on predefined criteria.

TODOList, January 2024 - January 2024

- A Todolist project is a simple application that allows users to create, manage, and organize tasks or items they need to complete. It typically includes features like adding tasks, marking them as completed, setting deadlines, and prioritizing tasks. Users can view their tasks in a list format and easily update or remove them as needed, helping them stay organized and productive.

JSQuiz Game, January 2024 - February 2024

- A simple quiz game project in JavaScript where players answer multiple-choice questions with a score tracker and random question selection.

Expanding-Cards, November 2023 - December 2023

- The Expanding Card project involves creating a webpage with a series of cards that expand when clicked, revealing additional content or details. Each card expands to display its full content, while the other cards collapse, providing a sleek and interactive user experience.
